Sir:

**PETITION PURSUANT TO 37 CFR §1.47(a)--JOINT INVENTOR REFUSES TO SIGN
DECLARATION**

The instant application was filed with the USPTO on March 19, 2004. A Missing Parts Notice dated June 1, 2004 was received by the undersigned. Unfortunately, only three of the four listed inventors was willing, or able to be reached, to sign an oath/declaration for to the above-identified application. In particular, inventors K. Daniel, R. Himebaugh, and M. Schreiner have signed an oath/declaration, and copies of those signed declarations have been filed herewith. The last inventor, namely A. Billiu, has either refused to sign an oath/declaration or has simply disappeared and has not been reached after diligently attempting same.

Accordingly, applicant hereby petitions under 37 CFR §1.47 to proceed with prosecution of the instant application, even though one of the four inventors refuses to sign.

Exhibits 1-4 attached hereto are arranged in chronological order in order to show the pertinent facts associated with this matter. The undersigned herein authenticates these document, and proves the facts associated therewith as follows:

Exhibit 1 is an email dated March 18, 2004 indicating that a draft of the instant application together with drawings was sent to the four inventors on March 18, 2004. The text and drawings of the application were attached to this email sent by the undersigned.

The instant application was filed March 19, 2004 with the USPTO, as evidenced by the USPTO documents such as the Notice to File Missing Parts dated June 1, 2004.

Subsequent thereto, it is the understanding of the undersigned that Mr. Billiu left the employment of the assignee (i.e., Guardian Industries Corp.) and that he is no longer employed by Guardian.

Exhibit 2 is letter sent by the undersigned to Mr. Billiu on July 1, 2004 (at his work address), regarding the oath/declaration and assignment for this case. The oath/declaration and assignment were attached to this letter as sent on July 1, 2004. Subsequent to sending this letter, the undersigned learned that Mr. Billiu was no longer employed by Guardian.

After learning that Mr. Billiu was no longer employed by Guardian, the undersigned then sent the letter attached hereto as Ex. 3 to Mr. Billiu's last known home address. In this respect, Ex. 3 is a letter sent by the undersigned to Mr. Billiu on July 15, 2004 (at his last known home address), regarding the oath/declaration and assignment for this case. The oath/declaration and assignment were attached to this letter as sent on July 15, 2004.

After hearing nothing from Mr. Billiu in response to the letters of July 1 and July 15, 2004, the undersigned sent him another letter on September 14, 2004. In this respect, Ex. 4 is a letter sent by the undersigned to Mr. Billiu on September 14, 2004 (again, at his last known

home address), regarding the oath/declaration and assignment for this case. The oath/declaration and assignment, as well as a copy of the application as filed March 19, 2004, were attached to this letter as sent on September 14, 2004.

The undersigned has heard nothing from Mr. Billiu in response to the letters sent to him on July 1, July 15 and September 14, 2004 (Exs. 2-4). However, as mentioned above, the other three inventors have signed the declaration, and copies of same have been filed herewith.

In view of Mr. Billiu's apparent refusal to sign the oath/declaration and assignment, applicant hereby petitions under 37 CFR §1.47 to proceed with prosecution of the instant application. While Mr. Billiu has apparently refused to sign, the executed declaration/assignment from the other three inventors has/have been filed. The petition fee pursuant to 37 CFR §1.17(h) is attached hereto.

The last known address of Mr. Billiu is set forth on his unexecuted oath/declaration attached as part of Exs. 2-4. In particular, his last known address is:

Mr. Andrew Billiu
31410 Rocky Crest
Farmington Hills, MI 48336

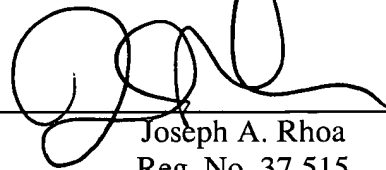

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
